“Inflammation: a caveat

Repeated observations are revealing that the classic signs of **inflammation, heat, redness, pain, reduced range of motion and swelling are greatly reduced or even absent** when the body is electrically coupled to the earth as soon as possible after injury. This has been dramatically and repeatedly confirmed during several recent athletic events in which earthings have been used to treat acute injuries. If verified, **these observations will have profound implications for our understanding of the functioning of the immune system”**

The Pneumasm Body Charging System helps diminish a range of illness, pain and dysfunction such as:

Insomnia, Snoring, Sinusitis, Headaches, Fibromyalgia Symptoms, Myofascial Pain, Arthritis Pain, Chronic Neck, Shoulder and Back Pain, Carpel Tunnel Symptoms, Foot Sprains, Post Surgical Wound Pain, Stress and Tension Related Problems.

NOTE: When worn by itself this wrist band reduces pain by placing the magnet over the tender point or duplicates the effects of a POWERBALANCE wrist strap, which improves physical balance and strength.

Directions: Slide the charging band up the arm until it is snug for best deep sleep results.

Plug the unit end into any grounded AC receptacle.

For pain relief place the charging band on the limb closest to the sight of injury or pain condition.

Warning: Quick Body charger with magnets

- DO NOT USE IF YOU HAVE AN ELECTRICAL IMPLANT**
- DO NOT USE ON CHILDREN**
- DO NOT USE ON PREGNANT WOMEN.**
- CONSULT YOUR PHYSICIAN IF YOU HAVE ANY CONCERNS IN THE USE OF THIS ITEM. KEEP AWAY FROM CREDIT CARDS, CELL PHONES AND MEMORY STORAGE DEVICES**
